

THE SIP BOTTLING CORPORATION HAS SECURED LOCATION

FIVE YEAR LEASE FROM MRS. S. G. DUNNINGTON ON GARDEN STREET.

SOFT DRINKS AND ICE CREAM

Building Will Be 25x100 Feet One Story Brick With a Plate Glass Front—Wilburn Fox Is to Be the Local Manager.

An agreement has just been reached whereby the Sip Bottling Corporation will be located on Garden street, north of Seventh, adjoining the Citizens Telephone building.

The building is to be on the lot belonging to Mrs. S. G. Dunnington and the company leases the same for term of five years and the work of erection will begin as soon as arrangements can be made with the contractor.

The Sip Bottling Corporation will invest not less than \$10,000 and will engage in the bottling of soft drinks, and in conjunction with this will put in the machinery for the manufacture of ice cream. This latter feature is conditioned only on the assurance of securing as much as 500 gallons of milk daily. They will have practically one hundred distributing points for the cream with their other bottling plants and promise to establish a cream factory here.

The building is to be located on the lot where the S. G. Summerton plumbing office is now situated, and will be 25x100 feet, one story high. The walls, however, will be built with sufficient strength to carry one or more stories if this should be desired later. The front will be pressed brick and plate glass, and the building throughout will have a concrete flooring.

Wilburn Fox is to be the local manager of the new plant, and it is estimated that it will be ready for occupancy some time during the month of February.

The terms of the agreement have been reached and it has been mailed to the offices of the officials of the corporation at Memphis, and as soon as returned the work will begin.

HAS MADE BRILLIANT RECORD

In Office About a Year As the Ap-pointee of Gov. Hooper He Has Won the Confidence and Esteem of Members of Bar All Over State.

Special to The Herald. NASHVILLE, Tenn., Jan. 7.—Judge Sam C. Williams, for the past year a justice of the supreme court, today announced his candidacy for re-election. Judge Williams was appointed to the bench when Judge Shields resigned and has made an able and conscientious judge. His statement follows: "To the People and Bar of Tennessee:—

"Answering many inquiries in regard to my intention to stand as a candidate for the supreme judgeship, at the regular August election, 1914, I beg leave to announce such to be my purpose.

"I was appointed to the bench as the successor to former Chief Justice Shields by Gov. Hooper on the practically unanimous endorsement of the bar of the first congressional district, in which I have resided for the past twenty-four years. All elements of all political parties and factions of parties combined in this endorsement.

"I have been on the supreme bench now nearly a year, and have given to the state my best service, trusting all the while to make a record sufficiently acceptable to the people of the state to justify the same elements of parties and factions in the state at large in according me like treatment as to the four years that yet remain of Judge Shields' unexpired term.

"I know that Tennessee has been long torn by faction, but my hope has been that all the people would ear-

BREAKS POLE VAULT RECORD

AMERICAN REPRESENTATIVES SUCCESSFUL IN NEW ZEALAND.

SAN FRANCISCO, Jan. 7.—According to cables, Power, of the Boston Athletic Association, and Templeton, of the San Francisco Olympic Club, members of the all-American track team, broke records today in the meet at Wellington, N. Z.

Power established a New Zealand 880-yard record with one minute, 58 seconds, a fifth better than the record made by Burke in 1905.

Templeton broke the New Zealand and Australian pole vault record, leaping 11 feet and 2 inches, which displaces the former mark of 11 feet and 1 inch.

Parker, the team's sprinter, is laid up with a sprained tendon and will not compete until January 10. Coughney the weight man, won the shot-put. All events were handicaps.

CHEAPENERS OF FOOD PRODUCTS

NATION WIDE CRUSADE AGAINST THEM LAUNCHED AT WASHINGTON.

WASHINGTON, Jan. 7.—A nation wide crusade against "cheats and cheapeners of food products" was launched here today with an address by Dr. Carl Alsberg, chief of the bureau of chemistry, department of agriculture, before the woman's department of the National Civic Federation.

Dr. Alsberg emphasized the need of extending the scope of the pure food and drug act, and urged the women to cooperate with the government of-ficers.

Dr. Alsberg said legislation was needed to permit federal inspections of all factories where foods and drinks are manufactured. Such a law, he declared, would eventually do away with epidemics of typhoid and similar dangerous diseases.

MULE SALES WERE AMONG THE BEST IN THE RECORD MAKERS

NUMBER EXCHANGED PROBABLY REACHED ABOVE EIGHT HUNDRED.

AGGREGATE \$150,000 IN CASH

Stock in Good Condition and Number in Hands of Dealers Here Gives Assurance That First Monday in February Will Be Big Day.

There were mule buyers here Monday from more different sections than has ever been before it is said by many who are in a position to know. The principal sections represented, however, were to the South, Alabama perhaps furnishing the largest list. Many towns in Tennessee had buyers here, while Kentucky and Illinois were on the list.

At the close of the day it was not thought there had been any big trading in the city as compared with other first Mondays, but a careful recapitulation and comparison of information among the buyers developed the information that this was a mistake.

There was a great deal of trading that was done on the quiet by parties who were intending to and did rehandle the stock, and the aggregate in numbers is expected to exceed eight hundred mules, amounting in dollars and cents to more than \$150,000.

The shipments from the stock yards will probably not show anything like this number, but this apparent discrepancy is easily accounted for by the fact that many mules bought are not and will not be shipped from the county for some time to come.

The condition of the stock as a matter of remark, being of a satisfactory nature. This feature within itself actuated many of the buyers to close deals at the last moment. This late trading was one of the misleading features of the day's transactions, and caused a mistaken estimate of the volume of trading until comparisons could be made.

The number of mules, however, that were left in the hands of the dealers here and on the markets at the close of the trading Monday and today gives assurance that there will be another big day here on the first Monday in February, and unless the weather should be come exceedingly rough between now and that time the mules will again be in the pink of condition.

WHOLESALE LIQUOR HOUSES ARE CLOSED BY NEIL'S ORDERS

THREE NASHVILLE DEALERS FEEL THE HEAVY HAND OF THE LAW.

MUST SURRENDER LICENSE

Judge Stated the Reason He Took This Action Was Because Defendants Were Using License as a Cloak to Violations.

Special to The Herald. NASHVILLE, Tenn., Jan. 7.—Until Tuesday the retail liquor dealers of Nashville had been the only ones to feel the stern hand of Judge Neil of the criminal court. As long as the wholesalers kept within the law and only received liquor for the purpose of shipping it out of the state the hands of the criminal judge were tied unless there was evidence produced that they were not shipping the goods out of the state but were selling it here.

But Tuesday morning the criminal judge fell with a dull thud upon three of the largest wholesalers in the city, and gave orders to Sheriff Longhurst to close up the wholesale houses of William Luigart on the lower Broadway, of Sam Hartman on Broadway, near the Union depot, and the Middlebrook distilling company on Third avenue, South, of which S. Goldberg is the proprietor. There were no conditions attached to the command of the criminal judge.

Tell them to surrender their wholesale federal license immediately," he said, "and furnish evidence to me tomorrow that they have done so—and see that their houses are closed up." Judge Neil stated Tuesday night that the reason that he had issued such orders was because he had been reliably informed that the three wholesale houses were but using their wholesale licenses as a cloak under which to bootleg.

INTEREST FUND IS ASKED BY THE CITY BOARD OF EDUCATION

BUDGET COMMITTEE REQUESTED TO PROVIDE FOR PROSPECTIVE BONDS.

NEW MEMBERS QUALIFY

Report of the Superintendent Regarding Schools Satisfactory in Particular—The Attendance Since Christmas Good.

The meeting of the board of education Tuesday night was one of special interest, in that it took the first real steps toward a provision of funds for the proposed high school building. Although there has not been an election ordered looking to the issuance of the bonds, the board asked that the sum of \$3,000 be provided in the 1914 budget for the purpose of liquidating the interest on the bonds should the election carry for their issuance. The city authorities were also asked to provide \$6,000 for the maintenance of the schools for the year, and all budget matters were passed over to await the action of the municipal board at its meeting on January 15, the adjournment being made subject to the call of the president.

The report of the superintendent regarding the schools of the city and their working was of a satisfactory nature, and the superintendent and the faculty of the schools were commended for the excellent showing. There is but little if any falling off in the attendance since the holidays and all departments are in good working order.

A request from the bands of the city to meet at the respective school buildings was presented, and while the board was anxious to encourage both the white and colored bands the proposition was not looked upon with much favor, but was left at the discretion of the superintendent of the schools.

GOING AFTER SALOONS STRONG

THE WAY THEY DO THINGS IN OREGON IS MOST CONVINING.

COPPERFIELD, Ore., Jan. 7.—Copperfield still is under martial law; after an exciting day in which all the liquors and fixtures of the saloons closed by Gov. West's orders were shipped away, despite court injunctions served upon Col. B. K. Lawson, the governor's representative. Accompanying the fixtures was a lot of gambling paraphernalia.

Col. Lawson and twelve men accompanied the shipment to Baker City, the county seat, while the captain remained behind to continue the enforcement of martial law.

Mayor H. A. Stewart and deposed members of the city council today were told they could leave town if they wished. The mayor and Councilman Wiegand left for Baker City, with announced intention of making legal action to regain their offices.

QUARTERLY COURT MEETING MONDAY OF SPECIAL INTEREST

THE VARIOUS REPORTS WILL BE ONE OF THE SPECIAL FEATURES.

TO ELECT ROAD COMMISSIONERS

Henry Hill Who Has Been a Member and Secretary of the Commission a Number of Years Will Not Ask for Another Term.

That the business of the quarterly court which meets on next Monday will not be without some degree of interest is shown by the docket.

There will be several elections, the fixing of the tax levy for the year and the ever present bridge matters from the most minor repairs to the building outright. And then there will be the general appropriations together with the fixing of the amount for road damages during 1914.

The elections will include that of a successor to H. H. Hill as a member of the road commission, or as the late acts of the legislature terms the offices, turnpike superintendent. Hill has been a member of the board for a number of years, but will not ask to succeed himself.

The other elections are of minor importance as compared with that. In fact they are only nominal. W. O. Cherry is ranger and R. H. Guest is coroner, and a successor will be chosen for each of them, while the terms of Esqs. Farless and Guest as jail commissioners will expire and others will have to be chosen.

The reports to be heard will be rather numerous. The most important of these will be that of county Judge McKnight, which is always of the most comprehensive in its character, showing all the collections and disbursements in the different funds, in a way that any citizen may know where the money collected from him taxes went.

Other reports will be that of the turnpike commissioners, the county revenue commission, the poor house commission, the road commissioners on the various bridges of the county and the reports of the special committees on various matters.

The consideration of tax releases, poll tax and road releases, and the possible election of members will also come up. It has been so long since a quarterly court failed to elect from one to half a dozen members that the memory of the oldest members run not to the contrary.

ANOTHER TOLL GATE IS RAISED

SECOND ORDER OF THE SUPERINTENDENTS UNDER THE NEW LAW.

The toll gate at Cross Bridges on the Hampshire pike, was raised by the turnpike commissioners Tuesday on account of the bad condition of the western end of the pike.

The heavy hauling during the past several days of rain and damp weather, together with the fact that needed repairs, which had been previously noted by the superintendents had not been properly looked after was the cause.

This is the second gate that has been raised by the superintendents, and unless there is some work done on the other pikes of the county pretty soon, there will be other gates ordered up.
